November 2018

FROM THE ADMINISTRATOR

Welcome to the November Newsletter.

November is a great month, with Thanksgiving, and especially (for us hunters) DEER SEASON. My adult kids have let me know they are counting on me to fill their freezers. Of course, I'm happy to help them out.

Our construction project is really moving along. Except for one low spot, the parking lot is done. The front entrance could be ready as soon as early December. For those of you with Facebook, I put a virtual tour of the new wing on our page. Thanks for your patience and cooperation as we move through the different phases of the project.

Just a reminder, included in the newsletter are direct dial phone numbers that you may use to call directly to whomever you are trying to reach by phone. We encourage everyone to use these numbers! Jerry

Holiday Decorations

With the Holiday season here, we would like to remind you of the type of Holiday decorations allowed in the facility. Any items that are in a resident's room that are not allowable will be removed. Thank you for your understanding.

- **NO Electrical decorations – artificial Christmas trees are allowable but cannot be plugged in**
- **Battery operated lights are allowable**
- **NO natural items will be allowed (pine wreaths, etc.)**
- **Window clings are allowable**
- **No wrapping paper as decoration**
- **NOTHING may be hung from door knobs, the ceiling or light fixtures**

Family members and visitors, please be aware that HIPAA rules prohibit photography or videography of residents without their consent.

If you have any questions, please call or talk to Gloria Nancarrow, Privacy Officer/Medical Records, at Ext. 7160. Thank you.

As the snow starts to fly, often times there will be increases in illness in the community. You may have seen information in the news regarding recent concerns in the UP about the adenovirus. This, as well as influenza and norovirus, continue to present challenges to the residents in our facility. The best thing we can do for our loved ones is to postpone our visits if we are not feeling well. If you are experiencing any fever, chills, cough, nausea or diarrhea, please visit at another time. Masks and hand hygiene products are available at the entrance. Frequent hand washing is the best way to prevent the spread of any illness. If you have any questions regarding infection, hand hygiene or vaccination, please feel free reach out to me.
