Welcome to the February Newsletter

The second round of the Moderna COVID vaccine will be administered by Walgreen's on Feb 3rd. For those that didn't receive the first shot in January they will be here again on March 3rd for the second one. This is great news! The vaccine, combined with Marquette County's decreasing COVID test positivity rate signals changes may be coming. We wish there was more guidance out there for us, but we are hopeful that we can move toward normalcy. More to come when we get more information!

We have been working hard keeping our residents busy and active. If you have access to Facebook, I encourage you to follow our page to see some of the pictures we've been posting.

Staff continues to wear N95 mask and face shields for both their own and our resident's safety. We are closely monitoring residents for symptoms and testing everyone weekly. Staff are checked for symptoms upon entry to the building. We may be able to change to monthly testing if the county positivity rate stays low and everyone stays negative.

Stay safe.
